How to use this list

Best first contacts: Grace Community Church and Lake Church most closely match the requested combination of multiple Sunday services and a clearly developed group system.

Second tier: Oasis, Grace Covenant, Pleasantview, New Life Fellowship and Nations Church are useful prospects where a quick call can confirm current membership/attendance.

Important: Several churches have excellent small-group systems but only one main Sunday worship service. They remain included because they may still fit the outreach goal.

Note: Church membership and weekly attendance are often not publicly reported. Entries are screening candidates based on service structure, group ministry, campus profile and public information. Confirm current attendance/membership directly with the church before using a strict under-1,000 cutoff.
